

Thank You For Your Membership in Pace Alliance

Because of your participation, you are helping to strengthen independent pharmacy in your state and all across America. Community pharmacies have joined Pace Alliance to buy generics at the most competitive prices in the marketplace, and to support their state pharmacy organization.

The Pace Program Supports Your State Pharmacy Organization

Pace Alliance is owned by 19 State Pharmacy Associations or Pharmacy Service Corporations. No individuals own stock in Pace Alliance. All the profits of Pace Alliance are distributed to the State Pharmacy Organizations to be used to support the profession of pharmacy.

Pace Alliance has also represented independent pharmacy on many national issues that affect independent pharmacy in their every day business decisions and practices.
